

ABOUT US

Danquah Group LLC is a professional services firm providing consulting, training programs and technology solutions to help organizations deliver their strategic objectives. We work with organizations of all sizes to transform their IT operations and management practices with advanced technologies to become more productive, innovative and cost-efficient.

CORE CAPABILITIES

Management, Technical & Administrative Support

We provide management, technical and administrative support to help organizations in their daily operations and management. We provide technical expertise in project management, construction management and administrative support services.

Technology Solutions

We provide technology solutions across selected industries to help them address today's data and digital challenges. Our solutions include:

- ❖ Cloud technologies and security services
- ❖ Business application implementation
- ❖ Cloud migration and upgrades
- ❖ Data management and analytics
- ❖ Modern workplace transformation
- ❖ Training and workshops in cloud technologies

Training & Development Solutions

We offer training and workshops to help organizations leverage advanced technologies and modern business practices to improve workforce productivity. Our workshops include risk assessments to assess security posture, cloud readiness and data management.

Training and Workshops

WHAT SETS US APART

Established partnerships with industry-leading technology and IT services corporations. We are partners with Microsoft Corporation, IBM Corporation and SYNEX Corporation.

We work with experienced professionals, subject matter experts and project managers to ensure projects are delivered on budget, and on-time.

We are responsive and adaptable, with a focus on addressing technology challenges.
