

Meet, move and team without boundaries

Meet the new 85" Surface Hub 2S

Make remote meetings feel less remote

Bridge the distance between remote team members with a powerful meetings and collaboration platform that's Microsoft Teams-certified, whether your meeting room is for smaller teams or you need a large-room experience. In vibrant and clear life-sized video, you'll feel like remote team members are in the room with you on the brilliant, 4K screen.

Fluid team collaboration

Today's hybrid teams need to be able to collaborate now more than ever. Whether in the office or working remotely, teams can come together from anywhere to collaborate seamlessly in Microsoft Whiteboard and Microsoft 365 files with Surface Hub 2S devices. Project content wirelessly with Miracast, and natively run your essential business apps.

Teamwork anytime, anywhere

From small group brainstorms to big team meetings, find the right fit. Choose the size, audio and video accessories and Windows OS1 your teams need, whether they meet in smaller, intimate groups or large teams that need a robust, Microsoft Teams-certified experience. For teams on the move, relocate from one room to another when you use Surface Hub 2S with Steelcase Roam™ Mobile Stands.

Manageability and security

Maintain control and security of every Surface Hub 2S device, wherever your teams work. Centrally manage settings and policies remotely through Microsoft Intune, and Windows 10 keeps data safe and secured.

Windows 10 Pro and Enterprise on Surface Hub 2

Windows 10 Pro and Enterprise on Surface Hub 2 enables customers to break the monotony of sitting at one's desk all day and allows our customers to stand, move around and meet with remote participants more naturally and invitingly.
